Infinite Potential: What Quantum Physics Reveals About How We Should Live

Lothar Schafer

Infinite Potential: What Quantum Physics Reveals About How We Should Live Lothar Schafer
A hopeful and controversial view of the universe and ourselves based on the principles of quantum physics, offering a way of making our lives and the world better, with a foreword by Deepak Chopra

In *Infinite Potential*, physical chemist Lothar Schäfer presents a stunning view of the universe as interconnected, nonmaterial, composed of a field of infinite potential, and conscious. With his own research as well as that of some of the most distinguished scientists of our time, Schäfer moves us from a reality of Darwinian competition to cooperation, a meaningless universe to a meaningful one, and a disconnected, isolated existence to an interconnected one. In so doing, he shows us that our potential is infinite and calls us to live in accordance with the order of the universe, creating a society based on the cosmic principle of connection, emphasizing cooperation and community.

From reader reviews:

Linda Porter:

As people who live in typically the modest era should be upgrade about what going on or facts even knowledge to make them keep up with the era which can be always change and move ahead. Some of you maybe will probably update themselves by examining books. It is a good choice to suit your needs but the problems coming to you actually is you don't know which you should start with. This Infinite Potential: What Quantum Physics Reveals About How We Should Live is our recommendation to cause you to keep up with the world. Why, since this book serves what you want and wish in this era.

Drew Poland:

Reading can called thoughts hangout, why? Because if you are reading a book especially book entitled Infinite Potential: What Quantum Physics Reveals About How We Should Live your mind will drift away trough every dimension, wandering in each aspect that maybe unidentified for but surely can be your mind friends. Imaging each word written in a e-book then become one application form conclusion and explanation that will maybe you never get ahead of. The Infinite Potential: What Quantum Physics Reveals About How We Should Live giving you a different experience more than blown away the mind but also giving you useful facts for your better life in this particular era. So now let us teach you the relaxing pattern the following is your body and mind will probably be pleased when you are finished reading it, like winning a casino game. Do you want to try this extraordinary shelling out spare time activity?

Ashley Wright:

Infinite Potential: What Quantum Physics Reveals About How We Should Live can be one of your basic books that are good idea. All of us recommend that straight away because this e-book has good vocabulary which could increase your knowledge in words, easy to understand, bit entertaining but nevertheless delivering the information. The article writer giving his/her effort to place every word into enjoyment arrangement in writing Infinite Potential: What Quantum Physics Reveals About How We Should Live but doesn't forget the main place, giving the reader the hottest as well as based confirm resource data that maybe you can be certainly one of it. This great information can certainly drawn you into completely new stage of crucial contemplating.

Holly Sheehan:

You are able to spend your free time you just read this book this guide. This Infinite Potential: What Quantum Physics Reveals About How We Should Live is simple to create you can read it in the park your car, in the beach, train in addition to soon. If you did not get much space to bring the printed book, you can buy the particular e-book. It is make you quicker to read it. You can save the particular book in your smart phone. Therefore there are a lot of benefits that you will get when you buy this book.
