Le fils du Soleil (French Edition) Gustave Aimard

La Patagonie est aussi inconnue aujourd'hui qu'elle l'était lorsque Juan Diaz de Solls et Vincente Yanez Pinzon y débarquèrent en 1508, seize ans après la découverte du Nouveau-Monde. Les premiers navigateurs, involontairement ou non, ont couvert ce pays d'un voile mystérieux que la science et des relations fréquentes n'ont pas encore entièrement soulevé. Le célèbre Magalès (Magellan) et son historien le chevalier Pigafetta, qui touchèrent ces côtes en 1520, furent les premiers qui inventèrent ces géants patagons si haut que les Européens atteignaient à peine à leur ceinture, ou grands de plus de neuf pieds et ressemblant à des cyclopes. Ces fables, comme toutes les fables, ont été acceptées pour des vérités, et, au siècle dernier, devinrent le thème d'une très-vive polémique, entre les savants. Aussi donna-t-on le nom de Patagons (grands pieds) aux habitants de cette terre qui s'étend du versant occidental des Andes à l'océan Atlantique. La Patagonie est arrosée, dans toute sa longueur, par le Rio-Colorado au N., et le Rio-Négro à l'E.-S.-E. Ces deux fleuves, par les méandres de leurs cours, rompent agréablement l'uniformité du terrain aride, sec, sablonneux, où croissent seulement des buissons épineux, et dispensent la vie à la végétation non interrompue qui court le long de ses rives. Ils s'enroulent autour d'une vallée fertile ombragée de saules et tracent deux profonds sillons au milieu d'une terre presque unie. Le Rio-Négro coule dans une vallée cernée par de hautes falaises coupées à pic, que les eaux viennent battre encore. Là où elles se sont retirées, elles ont laissé des terrains d'alluvion revêtus d'une végétation éternelle, et ont formé des îles nombreuses peuplées de saules et contrastant avec l'aspect triste des falaises nues des coteaux. Les singes, les grisons, la mouffette, le renard, le loup rouge parcourent incessamment et dans tous les sens les déserts de la Patagonie, en concurrence avec le cougar, lion d'Amérique, et les imbaracayas, ces chats sauvages si féroces et si redoutables.
