Charting the controversial journey of a shy, chaste child star from America's Deep South: from early fame on the Disney TV series Hannah Montana to her sexually liberated pop image that later made headlines worldwide. Will reveal Miley's secret battle with a genetic heart condition and offer a behind-the-scenes expose of growing up on a farm near Nashville in America's Deep South and her transformation from God fearing farm girl to raunchy pop star. Exclusive interviews with figures from Miley's past, from close childhood friends to those who attended church with her in a quiet and close-knit village-like community and got to know her well. These interviews will help to separate fact from fiction, publicity stunt from personality growth, will explore the psychology behind her dramatic transformations and will ultimately get to the bottom of exactly what makes the multi-faceted Miley Cyrus tick.
