The fun and easy way to learn to use this leading business intelligence tool

Written by an author team who is directly involved with SAS, this easy-to-follow guide is fully updated for the latest release of SAS and covers just what you need to put this popular software to work in your business. SAS allows any business or enterprise to improve data delivery, analysis, reporting, movement across a company, data mining, forecasting, statistical analysis, and more. *SAS For Dummies, 2nd Edition* gives you the necessary background on what SAS can do for you and explains how to use the Enterprise Guide.

- SAS provides statistical and data analysis tools to help you deal with all kinds of data: operational, financial, performance, and more
- Places special emphasis on Enterprise Guide and other analytical tools, covering all commonly used features
- Covers all commonly used features and shows you the practical applications you can put to work in your business
- Explores how to get various types of data into the software and how to work with databases
- Covers producing reports and Web reporting tools, analytics, macros, and working with your data

In the easy-to-follow, no-nonsense *For Dummies* format, *SAS For Dummies* gives you the knowledge and the confidence to get SAS working for your organization.

Note: CD-ROM/DVD and other supplementary materials are not included as part of eBook file.

Note: The Kindle edition of this book does not include any CDs or DVDs.

From reader reviews:

Royce Axtell:

Reading a reserve tends to be new life style on this era globalization. With reading through you can get a lot of information that could give you benefit in your life. Having book everyone in this world may share their idea. Guides can also inspire a lot of people. Many author can inspire their own reader with their story as well as their experience. Not only situation that share in the guides. But also they write about the information about something that you need case in point. How to get the good score toefl, or how to teach your children, there are many kinds of book which exist now. The authors on this planet always try to improve their ability in writing, they also doing some investigation before they write to the book. One of them is this SAS For Dummies.

Michael Lockwood:

Spent a free time to be fun activity to try and do! A lot of people spent their down time with their family, or their particular friends. Usually they performing activity like watching television, likely to beach, or picnic in the park. They actually doing same thing every week. Do you feel it? Do you need to something different to fill your own free time/ holiday? May be reading a book might be option to fill your no cost time/ holiday. The first thing that you'll ask may be what kinds of guide that you should read. If you want to attempt look for book, may be the book untitled SAS For Dummies can be great book to read. May be it could be best activity to you.

Robert Journey:

This SAS For Dummies is great guide for you because the content which is full of information for you who else always deal with world and also have to make decision every minute. This kind of book reveal it information accurately using great organize word or we can say no rambling sentences within it. So if you are read this hurriedly you can have whole information in it. Doesn't mean it only provides you with straight forward sentences but tricky core information with splendid delivering sentences. Having SAS For Dummies in your hand like having the world in your arm, details in it is not ridiculous just one. We can say that no reserve that offer you world within ten or fifteen second right but this reserve already do that. So , this is good reading book. Heya Mr. and Mrs. occupied do you still doubt that will?

Nancy Thornton:

On this era which is the greater particular person or who has ability in doing something more are more precious than other. Do you want to become one of it? It is just simple approach to have that. What you are related is just spending your time not very much but quite enough to enjoy a look at some books. One of several books in the top collection in your reading list will be SAS For Dummies. This book and that is qualified as The Hungry Hills can get you closer in growing to be precious person. By looking upwards and review this book you can get many advantages.
