St. Louis (Then and Now)

David A. Lossos

St. Louis (Then and Now) David A. Lossos

As we approach the 241st anniversary of the settlement on the banks of the mighty Mississippi that came to be the metropolis of St. Louis, it is appropriate to look back at this great city. We have precious few physical reminders of the days of Laclede and Chouteau. It wasn't until the mid-19th century that we regularly recorded via photographs the development (and destruction) of the sights that make St. Louis unique. It is through these images that we have the marvelous capability to look back and view our city through the eyes of our predecessors: To see the things that were here decades ago and still look the same; to see things that no longer exist, and to see what we have replaced them with; to see what we have preserved, and what we have discarded; and to see the present via the images of the past. There is no way to encompass all the changes that this city has seen in one book. The views in this book will give the reader a representative selection of the more recognizable sights in the St. Louis metropolitan area. The intent is to include most of the major places and things that everyone identifies with St. Louis. But also included are more obscure photos that show scenes with which many of our ancestors would also identify. There will always be progress, but that which is lost is worth remembering. So sit back, relax, and take a stroll down the streets of St. Louis as our ancestors knew them.

From reader reviews:

Larry Gutierrez:

What do you think about book? It is just for students because they're still students or this for all people in the world, exactly what the best subject for that? Merely you can be answered for that concern above. Every person has diverse personality and hobby for each other. Don't to be obligated someone or something that they don't need do that. You must know how great along with important the book St. Louis (Then and Now). All type of book could you see on many solutions. You can look for the internet solutions or other social media.

Patricia Beall:

As we know that book is essential thing to add our expertise for everything. By a reserve we can know everything we would like. A book is a group of written, printed, illustrated or perhaps blank sheet. Every year was exactly added. This guide St. Louis (Then and Now) was filled about science. Spend your spare time to add your knowledge about your scientific research competence. Some people has various feel when they reading any book. If you know how big selling point of a book, you can sense enjoy to read a e-book. In the modern era like at this point, many ways to get book that you simply wanted.

Joshua Hsu:

Do you like reading a guide? Confuse to looking for your preferred book? Or your book seemed to be rare? Why so many concern for the book? But any kind of people feel that they enjoy intended for reading. Some people likes reading, not only science book but also novel and St. Louis (Then and Now) or perhaps others sources were given understanding for you. After you know how the truly great a book, you feel would like to read more and more. Science guide was created for teacher as well as students especially. Those ebooks are helping them to put their knowledge. In additional case, beside science e-book, any other book likes St. Louis (Then and Now) to make your spare time more colorful. Many types of book like this.

James Ojeda:

A number of people said that they feel uninterested when they reading a guide. They are directly felt the item when they get a half elements of the book. You can choose the particular book St. Louis (Then and Now) to make your current reading is interesting. Your own skill of reading talent is developing when you similar to reading. Try to choose simple book to make you enjoy to read it and mingle the idea about book and reading especially. It is to be initial opinion for you to like to start a book and examine it. Beside that the e-book St. Louis (Then and Now) can to be a newly purchased friend when you're feel alone and confuse with what must you're doing of this time.
