Affairs happen, and when a marriage is threatened by infidelity, all parties involved can become desperate. The air gets pretty thin, and our ability to look past our immediate needs is compromised. We're tempted to look out only for ourselves, and the marital relationship is left hanging on for dear life.

How did we get here? Where do we go from here? Can this relationship survive?

Steve Judah explores the phenomenon of infidelity, considering both the push of marital discord and the pull of sexual temptation. With clear and helpful analysis of the relational science behind infidelity, he delivers a tested way back toward a meaningful marriage.

Your marriage can survive and even thrive after infidelity has been confronted. This book provides a savvy, practical and hopeful guide for couples to navigate this turbulent terrain and find their way back to one another.
