Harrogate (Modern Plays) Al Smith

There's gossip going around that we're all like him. That we're all paper thin, that it's all been painted over, and each one of us is gonna sit down one day and not be able to stand up, like we've disappeared to ourselves.

Harrogate tells the story of a father struggling to confront his obsessions head-on without destroying his family. It is a play about how we perform versions of ourselves depending on what company we keep, and how we project onto others versions of the people we want to see, rather than accepting who stands in front of us.

The play is a triptych about obsession, repression and lust. It received its world premiere on the 11 September 2015 as part of the HighTide Theatre Festival.
