Polish Saber - The use of the Polish Saber on foot in the 17th century covers the history, anecdotes and use of Poland's iconic weapon. In matters of honor and personal safety the saber was the Polish nobleman's choice of arms. The concept of the duel, the form and function of the weapon, as well as source material from Poland, Italy and Germany are blended together in an interpretation presented in full-color. The work is suitable for history enthusiasts, Historical European Martial Artists and re-creationists who wish to explore Poland's Commonwealth and the weapon that symbolized its nobility.
