An ordinary Sedona school day turns cosmic when Schizandra faints. What prophets have whispered for millennia has finally come to pass. Schizandra Ginger Parker has crossed the veil and she now holds the key to human evolution. Mythic archetypes and ancient prophecies loom large, but her visit to the underworld marks only half the journey. Can Schizandra move beyond her crippling doubt and grief so that she can fulfill her destiny? Humanity has come this far before -- many times -- but fear has always stopped the transformation. Readers will laugh, cry and shiver their way through Book One of the Schizandra series. "... Synchronicity, renewal, and power of belief shimmer through an intriguing tale with heartfelt characters. This story lingers, as readers find through it more magic in their own lives." --Victoria Moran, author of "Living a Charmed Life"
