Drug Product Development for the Back of the Eye: 2 (AAPS Advances in the Pharmaceutical Sciences Series)

Drug Product Development for the Back of the Eye: 2 (AAPS Advances in the Pharmaceutical Sciences Series)

This comprehensive volume discusses approaches for a systematic selection of delivery systems for various classes of therapeutic agents including small molecule, protein, and nucleic acid drugs.

Specific topics covered in this book include:

- Solution, suspension, gel, nanoparticle, microparticle, and implant dosage forms
- Refillable and microneedle devices
- Intravitreal, suprachoroidal, intrascleral, transscleral, systemic, and topical routes of delivery
- Physical methods including iontophoresis for drug delivery
- Rational selection of routes of administration and delivery systems
- Noninvasive and continuous drug monitoring
- Regulatory path to drug product development
- Clinical endpoints for drug product development
- Emerging and existing drugs and drug targets *Drug Product Development for the Back of the Eye* is authored by renowned ocular drug delivery experts, representing academic, clinical, and industrial organizations and serves as indispensable resource for ophthalmic researchers, drug formulation scientists, drug delivery and drug disposition scientists, as well as clinicians involved in designing and developing novel therapeutics for the back of the eye diseases. This book is also relevant for students in various disciplines including ophthalmology, pharmaceutical sciences, drug delivery, and biomedical engineering.

From reader reviews:

Ruth Morefield:

This book untitled Drug Product Development for the Back of the Eye: 2 (AAPS Advances in the Pharmaceutical Sciences Series) to be one of several books that will best seller in this year, that is because when you read this reserve you can get a lot of benefit upon it. You will easily to buy this book in the book retailer or you can order it by way of online. The publisher in this book sells the e-book too. It makes you quickly to read this book, because you can read this book in your Smartphone. So there is no reason for your requirements to past this book from your list.

Melissa Fernandez:

The reserve untitled Drug Product Development for the Back of the Eye: 2 (AAPS Advances in the Pharmaceutical Sciences Series) is the e-book that recommended to you to learn. You can see the quality of the guide content that will be shown to a person. The language that article author use to explained their ideas are easily to understand. The article writer was did a lot of study when write the book, hence the information that they share to your account is absolutely accurate. You also could get the e-book of Drug Product Development for the Back of the Eye: 2 (AAPS Advances in the Pharmaceutical Sciences Series) from the publisher to make you a lot more enjoy free time.

Peter Christensen:

Drug Product Development for the Back of the Eye: 2 (AAPS Advances in the Pharmaceutical Sciences Series) can be one of your beginning books that are good idea. We recommend that straight away because this e-book has good vocabulary that may increase your knowledge in vocabulary, easy to understand, bit entertaining but nonetheless delivering the information. The author giving his/her effort to place every word into joy arrangement in writing Drug Product Development for the Back of the Eye: 2 (AAPS Advances in the Pharmaceutical Sciences Series) nevertheless doesn't forget the main position, giving the reader the hottest as well as based confirm resource data that maybe you can be among it. This great information could drawn you into completely new stage of crucial imagining.

Hector Medlin:

Some people said that they feel uninterested when they reading a guide. They are directly felt this when they get a half parts of the book. You can choose the actual book Drug Product Development for the Back of the Eye: 2 (AAPS Advances in the Pharmaceutical Sciences Series) to make your current reading is interesting. Your skill of reading skill is developing when you just like reading. Try to choose very simple book to make you enjoy you just read it and mingle the feeling about book and reading especially. It is to be 1st opinion for you to like to wide open a book and read it. Beside that the guide Drug Product Development for the Back of the Eye: 2 (AAPS Advances in the Pharmaceutical Sciences Series) can to be a newly purchased friend when you're really feel alone and confuse using what must you're doing of their time.
