Based on the author's proprietary principles of GRIT – Generosity, Respect, Integrity, and Truth – this book describes how working toward individual improvement produces better organizational results than traditional approaches that focus on collective improvement. Readers are introduced to GRIT with a framework that can be applied in any workplace scenario, and are provided with strategies for applying GRIT to communication and intra-office operations. Each chapter includes activities that assist with implementation, moving beyond the theoretical framework commonly taught in business school to provide a more practical approach to personal development.

The principles of GRIT are exactly the sort of instruction leaders are encouraging, and companies worldwide are willing to invest large sums. The approach stands out for its unique, personal approach that melds values-based principles with business concepts to produce spectacular results. This book is the complete guide to GRIT, with an emphasis on practicality.

- Learn why the principles of GRIT have proven so effective
- Apply GRIT in communications for better productivity
- Discover how each person impacts those around them
