Featuring over 400 photographs and drawings, this methodically-organized manual guides the reader step by step through a nasal dissection and takes the user through every rhinoplasty approach, both open and closed. The book also describes the most commonly performed rhinoplasty manoeuvres in detail and explains the indications and contraindications for each manoeuvre. Grey screened boxes emphasize "Highlights" and "Pearls and Pitfalls". A videotape accompanies this manual. It shows a step-by-step cadaver dissection demonstrating an external rhinoplasty, as well as many techniques discussed in the book.
