Society, Schools and Progress in China is a comprehensive survey of the technology, government, social relationships, religion, geography, and arts of China.

The book presents a wide range of information about China such as its history and geography; an outline of the country's political and administrative structure; formative institutions in Chinese society; some of the prevalent assumptions in the recasting of a new social order in China; and the country's problems and crises. Students and teachers of history and sociology will find the book a good reference material.
