**Species of Origins: America's Search for a Creation Story (American Intellectual Culture)** Karl W. Giberson, Donald A. Yerxa

In *Species of Origins*, Karl W. Giberson and Donald A. Yerxa examine America's controversial conversation about creation and evolution. While noting that part of the discord stems from the growing cultural and religious diversity of the United States, they argue powerfully that the real issue is the headlong confrontation between two seemingly incompatible worldviews upon which millions of Americans rely: modern naturalistic science and traditional Judeo-Christian religions.
