**The Genesis Factor: Probing Life's Big Questions** David R. Helm, Jon M. Dennis

Here is a book for all who have a healthy uncertainty about life's big questions--Where did I come from? Is there a God? Does this God care about me? The authors believe that the answers are found where Christianity began--with the introduction of God and His work in the book of Genesis. Using the Socratic method, they challenge readers to wrestle with Scripture itself rather than with systematic questions. This candid conversation with Genesis is an ideal apologetic for today's postmodern culture.
