Mysterious Monuments: Encyclopedia of Secret Illuminati Designs, Masonic Architecture, and Occult Places Texe Marrs

A sinister and curious *Architectural Colossus* is exploding across every continent on earth. The United States of America is at the heart of this incredible surge. Monuments, statues, and buildings are being created everywhere with evil intent and magical purpose. Designed by visionary illuminist architects and based on knowledge of the occult wisdom, Masonic geometry and sacred numerology, this *Architectural Colossus* can be traced back to the antiquities of Mystery Babylon. Its secrets, once unlocked, point to an amazing and frightening future destiny for you, me, and the entire world. The builders of this strange architecture comprise an elite cryptocracy--a veritable who's who of the world's rich and famous. Are the mysterious monuments these men are building part of a Grand Design? Is there, in fact, a Master Plan to seduce men's minds and catapult humanity into a New Order of the Ages?
