**In and Out of Crisis: The Global Financial Meltdown and Left Alternatives (Spectre)** Greg Albo, Sam Gindin, Leo Panitch

In this groundbreaking study of the financial meltdown, renowned radical political economists lay bare the roots of the crisis in the inner logic of capitalism itself. Objective and detailed, this account provocatively challenges the call for a return to a largely mythical golden age of economic regulation as a check on finance capital. In addition, it deftly illuminates how the era of neoliberal free markets has been, in practice, undergirded by state intervention on a massive scale. Arguing for genuinely transformative alternatives to capitalism, and discussing how to build the collective capacity to realize these goals, this record is a critique of the crisis and an indispensable springboard for a renewed political left.
