A legacy of leadership *for women only*.

For centuries men have used the lessons of Machiavelli's *The Prince* to gain and hold power. Today's women, struggling to succeed in a man's world, must learn a crucial lesson of their own: men and women are not equal--and that is a woman's greatest strength. From the wars of intimacy to battles of public life, whether confronting bosses, competitors, or lovers, the greatest power belongs to the woman who dares to use the subtle weapons that are hers alone.

This provocative work urges women to claim what they want and deserve, offering a bold new battle plan that celebrates a woman's unique gifts: passion and intuition, sensitivity and cunning. It draws from history's legendary female divas and poets, saints and sinners, artists and activists--who, armed with a desire for justice and a spirit of outrageousness, achieved their impossible dreams. Their lasting legacy is codified in *The Princessa*: act like a woman, fight like a woman, and life will be yours to command.
