Research Collections and Digital Information Sul H Lee

Learn how electronic texts can save you money! The new technologies that have revolutionized information storage and retrieval demand commensurate changes in librarianship. *Research Collections and Digital Information* explores the practical and theoretical impact of new information technologies on the libraries of today. It suggests new strategies for collecting, organizing, and accessing library materials and emphasizes the increasing importance of classification and bibliographic rigor in dealing with the riot of information available on the Internet. This helpful book provides a detailed case study of the advantages and disadvantages of an electronic text center. A thorough discussion of the possibilities of custom-tailored digital libraries includes information on the Alexandria Digital Earth Prototype, which offers geographers and other earth scientists electronic access to maps, aerial photographs, and texts. In addition, you will find proven guidelines for selecting ebooks and other electronic materials. *Research Collections and Digital Information* offers guidance on technology's impact on essential library services and concerns, including:

- budgets for library materials and staff
 - copyright and licensing issues
 - interlibrary loan
 - vendor-library relations
 - library buildings and equipment
- Research Collections and Digital Information* provides a fascinating look into the practical ways that other librarians have risen to the challenges of this dramatic paradigm shift. It is an essential resource for library directors, collections managers, and students.

From reader reviews:

Vera Forde:

Have you spare time for just a day? What do you do when you have considerably more or little spare time? Yep, you can choose the suitable activity with regard to spend your time. Any person spent their very own spare time to take a move, shopping, or went to the particular Mall. How about open or read a book entitled Research Collections and Digital Information? Maybe it is to become best activity for you. You recognize beside you can spend your time with your favorite's book, you can better than before. Do you agree with their opinion or you have other opinion?

Evelyn Wiley:

The book Research Collections and Digital Information give you a sense of feeling enjoy for your spare time. You need to use to make your capable much more increase. Book can to become your best friend when you getting pressure or having big problem along with your subject. If you can make looking at a book Research Collections and Digital Information being your habit, you can get a lot more advantages, like add your personal capable, increase your knowledge about a few or all subjects. You may know everything if you like available and read a publication Research Collections and Digital Information. Kinds of book are several. It means that, science reserve or encyclopedia or other individuals. So , how do you think about this guide?

Anthony Jones:

The reason? Because this Research Collections and Digital Information is an unordinary book that the inside of the e-book waiting for you to snap that but latter it will distress you with the secret that inside. Reading this book close to it was fantastic author who have write the book in such wonderful way makes the content on the inside easier to understand, entertaining technique but still convey the meaning completely. So , it is good for you because of not hesitating having this any longer or you going to regret it. This phenomenal book will give you a lot of positive aspects than the other book include such as help improving your proficiency and your critical thinking technique. So , still want to postpone having that book? If I were you I will go to the guide store hurriedly.

Robert Long:

Reading a book being new life style in this yr; every people loves to study a book. When you go through a book you can get a lot of benefit. When you read publications, you can improve your knowledge, because book has a lot of information in it. The information that you will get depend on what kinds of book that you have read. In order to get information about your review, you can read education books, but if you want to entertain yourself look for a fiction books, such us novel, comics, as well as soon. The Research Collections and Digital Information provide you with new experience in examining a book.
