The Septuagint in Context: Introduction to the Greek Version of the Bible

Natalio Fernandez Marcos

The Septuagint in Context: Introduction to the Greek Version of the Bible Natalio Fernandez Marcos
The Septuagint, the first translation - or as Fernandez Marcos points out, a "collection of translations"- of the Hebrew Scriptures into Greek figures prominently in both the history of Second Temple Judaism and early Christianity. In this second, revised edition of the successful Spanish translation, Natalio Fernandez Marcos introduces readers to the origin of the Septuagint in its earliest versions (Aquila, Theodotian, and Symmachus) and traces the fundamental issues associated with Septuagint studies. Published with financial support from the Direccion General del Libro, Archivos y Bibliothecas del Ministerio de Educacion y Cultura, Spain. The Septuagint in Context is also available in hardback (ISBN 90 04 11574 9)
